Editor's Note

Dear Readers,

We have had a great start to the new financial year with the launch of 'Jhamtani Elevate' at Mundhwa. At Jhamtani, we are eagerly looking forward to a year filled with excellent launches at premium locations across Pune. 'Jhamtani Elevate' marks our second offering in Mundhwa, featuring pre-leased studio apartments for sale to investors. With guaranteed returns on residential investments, this project is poised to resonate well in the market and prove another successful venture for us after 'Jhamtani Bizcore'.

At Jhamtani, we always say, "For us, a new launch brings happiness, but the handover is what brings true satisfaction." This Akshay Tritiya, we celebrated a grand 'Gruha Shanti Pooja Ceremony' at Ace Abode in Upper Ravet. With 188 families participating in the grand pooja, we have successfully completed A and B wings at Ace Abode and are ready to hand over possessions of their beloved abodes. We are immensely proud of our Operations, CRM, and HAS teams for their relentless efforts, from constructing a quality product to addressing all client queries throughout their journey. We are grateful to our

customers for sharing positive and constructive feedback during this entire experience. At Jhamtani, we remain committed to upholding our core values of Integrity, Innovation, and Customer First in every endeavor.

We are honored to have your trust and support in shaping who we are. Together, we are dedicated to shaping Pune's skyline. You can show us more love by sharing your experiences as part of the JTribe. We would be delighted to publish your writings and creativity in our Monthly Buzz.

Enjoy reading this edition of JTribe April 2025 Monthly Buzz, filled with amazing articles. See you in the next edition.

Regards,

Meenakshi Jhamtani

Grace, Gratitude & New Chapters of Glory: Ace Abode Gruha Shanti Pooja Ceremony

The air at Ace Abode vibrated with joyous energy as over 188 families from Wing A & B came together for a heartwarming Gruha Shanti Pooja. More than just a religious ceremony, this event served as a vibrant celebration of community and new beginnings, perfectly timed as the possession of their much-awaited flats draws near.

From the moment they arrived, residents were treated to a grand welcome. A lively dhol tasha performance accompanied their red carpet entry, complete with valet parking ensuring a smooth

start to the day. Warm smiles, traditional greetings, and the auspicious application of tilak for gentlemen (paired with crisp white Gandhi topis) and fragrant gajras for ladies set a welcoming tone. Each family also received a handy wristband and food coupons, streamlining their experience.

Throughout the day, a dedicated refreshment zone offered respite from the heat with comforting tea, coffee, and cookies, the refreshing Kokam sharbat proving to be a popular choice. Meanwhile, the younger attendees were

thoroughly entertained at the dedicated kids' zone, buzzing with activity at the caricature artist's station, face tattoo corner, hair braiding booth, and nail art counter.

The spiritual heart of the event was the meticulously organized pooja, featuring nearly 25 individual havan kunds where families could participate in the sacred rituals. A separate feedback desk, doubling as a referral counter, allowed residents to share their thoughts. Capturing the joyous moments was a dedicated team of photographers and videographers, while a beautifully designed backdrop with Ace Abode branding provided the perfect spot for family photos.

The culinary spread throughout the day was a delightful experience in itself. Residents savored a traditional South Indian breakfast of Idli, Wada, and Sambar in the morning, followed by a delicious array of Pav Bhaji, Dhokla, refreshing

Masala Chass, and crispy Samosas in the afternoon.

The resounding sentiment of the day was one of happiness and togetherness. The Gruh Shanti Pooja at Ace Abode successfully fostered a sense of community spirit and celebrated the exciting new chapter awaiting the residents as they prepare to make their cherished flats their homes.

Mr. Madhav Dhavane
Marketing Manager

Forging Ahead with Trust: Jhamtani's FY 2025-2026 Vision

As we step into FY 2025-2026, the momentum from a successful FY 2024-2025 fuels our ambitions at Jhamtani. Our achievements last year, driven by the dedication of our entire team, have laid a strong foundation for even greater milestones.

FY 2024-2025 saw consistent sales across key projects like Jhamtani Spacebiz, Ace Atmosphere, Nandan Ace, Ace Villas, Jhamtani Bizcore, Vision Ace Commercial and Ace Aster, reflecting robust market demand. We strategically launched

Jhamtani Bizcore in Mundhwa/Koregaon Park NX (in May 2024), Vision Ace Commercial (in August 2024) and Ace Aster in Kiwale (in February 2025), expanding our footprint. A significant milestone was the possession handover of Ace Aastha C Wing. Our commitment to quality was recognized with the Silver Award for Ace Atmosphere at the CREDAI-Pune Metro Expo Safety Awards 2024-25, underscoring our dedication to safety and trust. These achievements actively reinforce our brand narrative and market leadership.

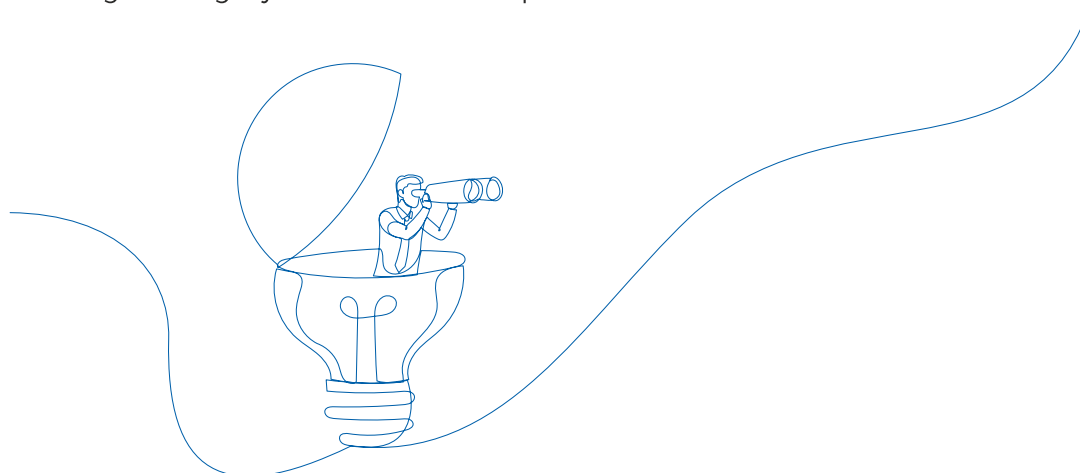

Jhamtani thrived within a dynamic Pune market that saw a 25% YoY surge in property registrations in CY 2024 and a 33% increase in stamp duty revenue. Average capital values rose by up to 12% YoY by end-2024. Notably, demand for premium (> ₹ 1 crore) and larger (>800 sq ft) homes increased, trends aligning perfectly with our portfolio, including Ace Villas and spacious configurations in Ace Atmosphere and Nandan Ace. Our strategic presence across key micro-markets like Ravet, Koregaon Park NX, and Baner positions us to capitalize on Pune's growth, particularly in the burgeoning West Pune corridor.

Looking ahead, FY 2025-2026 promises significant activity. We are progressing towards 2026 with possessions of Ace Abode, Nandan Ace, Vision Ace Commercial and Ace Villas. Newer residential and commercial launches for FY 26 are lined up at premium locations of Pimple Saudagar, Wakad, Mundhwa etc. Our pipeline reflects our capacity, building on a legacy of over 3 million sq. ft.

delivered and plans for further significant development.

Our unwavering commitment to quality, premium finishes, and customer satisfaction remains paramount. Our projects feature extensive amenities and high-quality specifications. We are also keenly observing market dynamics, including technological integration and the growing importance of sustainability. While mindful of challenges like affordability and competition in the premium segment (where inventory has seen a rise), our 35+ year legacy, the trust of over 10,000 happy residents, our experienced team, and strong brand reputation provide a robust foundation.

As we move forward, collaboration and a shared commitment to excellence will be key. Together, we will build upon our strong foundation, execute our ambitious plans, and continue crafting Pune's skyline with trust and quality at the forefront.

Mr. Abhilash Patel
VP Sales & Marketing

Passion, Precision, Perfection: The Ace Aster Story

The journey of completing the Ace Aster Show Flat and Sales Office has been nothing short of extraordinary. What began as a routine project quickly evolved into a challenge that tested the limits of our resilience, adaptability, and collective spirit.

Initially, we had onboarded an external agency to construct the framework and handle the finishing work for both structures. However, unexpected delays in setting up basic partitions created major hurdles. With time running out, my interior team and I decided to take full charge—ensuring that every element aligned with our design vision. Through relentless effort, round-the-clock site

coordination, and unwavering problem-solving, we successfully delivered the Sales Office on 26th February 2025—the official launch date of Ace Aster. Without missing a beat, we then shifted focus to the Show Flat, completing its final handover by 15th March 2025.

A core highlight of this project was our commitment to sustainability and cost efficiency. By creatively revamping materials from a previous project, we not only achieved a fresh and contemporary aesthetic but also optimized our budget significantly. This approach reinforced our belief that thoughtful reuse can lead to both visual elegance and economic prudence.

For more information about Ace Aster, Reach out us at: **895 11 75557** | www.jhamtani.com

Design-wise, we adopted a natural and timeless theme—infusing warmth, sophistication, and universal appeal. To elevate the experience, we integrated ample greenery and carefully incorporated Aster flowers as accent elements throughout the space, including between the Sales Office and Show Flat. These botanical touches introduced serenity while enhancing the overall design narrative.

This achievement would not have been possible without the unwavering dedication of our team. Gajanan's tireless presence on-site, alongside Balaji's consistent hard work, helped us navigate daily challenges with grace.

The support from Jhamtani management was instrumental—it empowered us to break limits and deliver something exceptional. A heartfelt thank you to Team Jhamtani for their invaluable guidance and belief in our vision. Her encouragement was the backbone of our success.

Delivering Ace Aster within such demanding timelines has been a deeply fulfilling experience. It is a testament to what can be accomplished when passion, teamwork, and grit come together.

Mrs. Sweetie Chhajed
Head Interior Designer

The Backbone of Our Progress: Farvision ERP

Implementing an **ERP system** is often viewed as a mere technical upgrade—but for those of us involved, it was much more than that. The **Farvision ERP** implementation, which began in December 2024 and successfully went live on March 25, 2025, has been one of the most challenging and rewarding projects I've ever worked on.

This journey wasn't just about installing a new system—it was about rethinking how we operate, overcoming resistance, and working together to make meaningful changes happen.

More Than a System Upgrade

From day one, we knew this wouldn't be a plug-and-play rollout. Farvision ERP touches almost every function within our business, which meant

we had to examine our processes inside out. It pushed us to question old habits, identify inefficiencies, and align our workflows with the system's capabilities.

The Real Work Behind the Scenes

Every phase—requirements gathering, data migration, testing, training, troubleshooting—demanded full focus and relentless commitment. There were long days, late nights, repeated iterations, and real-time challenges. But there was also an incredible amount of teamwork.

Brainstorming sessions—both planned and impromptu—became vital. Debates around edge cases and process mapping helped us create solutions that weren't just technically sound but

also practical and user-friendly. We didn't simply adapt to the system—we redesigned and improved our internal processes to get the most out of it.

Winning Over the Users

Perhaps the most critical factor in ERP success is user adoption. We invested considerable time in training, collecting feedback, and adjusting the implementation based on user needs. Seeing the shift from hesitation to confidence among our team members was deeply rewarding.

What We've Gained

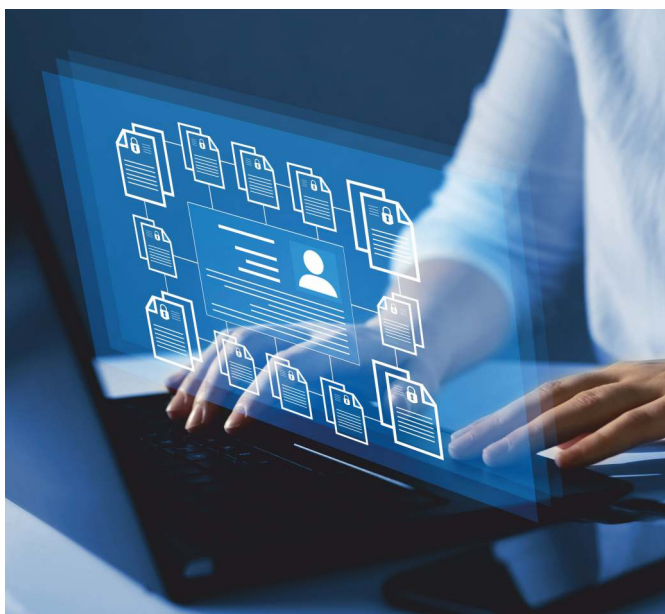

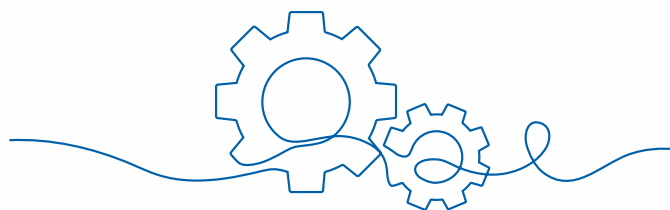

By March 25, we went live—and the benefits were already visible. Centralized data, greater

transparency, and streamlined operations have given us a solid foundation. But more than the technical success, what stands out is the unity and collaboration that drove this transformation.

Final Thoughts

This wasn't just an ERP project. It was a journey of change management, resilience, and continuous improvement. I'm grateful to every team member who contributed—right from leadership to the frontline users.

With **Farvision ERP** in place, we're not just upgraded—we're elevated. And this is only the beginning.

Mr. Sagar Jagtap
Senior Executive MIS

CORE HIGHLIGHTS

Laying the Groundwork for Success: An Architect's Blueprint for Land Development

In real estate, every successful project begins with a single truth: feasibility is everything. From an architect's lens, the development of virgin land requires strategic foresight, technical expertise, and meticulous planning.

The process begins with a comprehensive site analysis—studying the topography, soil conditions, accessibility, infrastructure, and environmental impact. These elements guide us in evaluating whether the land can support the intended vision and flag any design limitations early.

Equally critical is a thorough feasibility study,

balancing market realities, financial projections, and regulatory guidelines. Vital land documents like the Mojani, 7/12 extract, and the Development Plan (DP) opinion must be verified and updated to avoid future legal hurdles and ensure smooth execution.

For developers, a central consideration is the Floor Space Index (FSI)—how much can be built on a plot. Our role as architects is to creatively maximize this, especially in urban landscapes like Pune, where vertical growth and mixed-use developments dominate. Thoughtful design choices—such as podium parking, appropriate

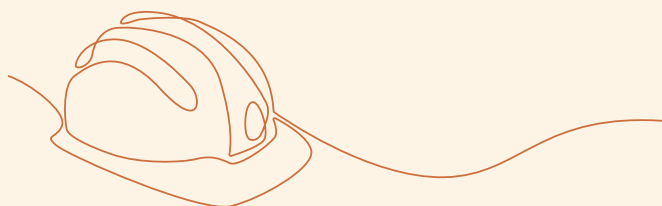

setbacks, and integrated zoning—unlock FSI while adhering to codes.

Once feasibility is validated, master planning brings the vision to life. This phase requires close collaboration with planners, engineers, and authorities to align with zoning norms, building codes, and sustainable practices. Securing NA permissions and ensuring clear land titles is essential before construction can begin.

Ultimately, architecture is not just about structures—it's about transforming land into meaningful communities. Well-planned developments enhance infrastructure, promote engagement, and elevate the quality of life, making them sound investments for all stakeholders. In a city like Pune, where demand for integrated townships and co-living spaces is rising, such foresight becomes even more vital.

Project feasibility is a delicate balance of vision and viability. When done right—with the right documents, the right design, and the right purpose—it becomes the blueprint for long-term success.

In today's context, sustainability is non-negotiable. We prioritize green principles—from site orientation and natural ventilation to smart materials and energy efficiency. The Indian Green Building Council (IGBC) has emerged as a key enabler in this space. Aligning with IGBC standards not only minimizes environmental impact but adds long-term value and operational savings.

CORE HIGHLIGHTS

My Everyday Talk with God

Have you ever spoken with God the way you would speak with someone you love deeply? For some, it may feel unfamiliar. But for people like me, it's a daily ritual—almost second nature.

I've grown so used to sharing everything with Him—my happiest moments, my disappointments, the thoughts I'm not ready to

share with anyone else, and the feelings too sacred or heavy to say out loud.

I'm a firm believer in a higher power—the Supreme One who watches over us, who understands our hearts, and who listens, even when we can't find the words.

You might wonder—when do you speak with God? How? The answer is simple. As easily and naturally as you would with a friend. This journal is a space for exactly that: to talk with God, to speak, to listen, to reflect, and to find peace in the everyday. It's a place to build a habit of prayer that doesn't just exist in silence but flows into the rhythm of daily life.

Whether prayer is something new for you, or already part of your routine, this journal is yours to make personal. There's no formula—just an honest heart and the desire to connect.

Life has a way of teaching us lessons—experiences that shape us, guide us, and sometimes, transform us entirely. A few years ago, I underwent ligament surgery—an event that changed me from the inside out. Since then, I've embraced a quiet, steady practice of prayer.

My daily prayer is simple:

"God, keep me grounded. No matter how high I rise, no matter how successful or confident I become, help me never lose my humility. Keep me rooted in grace, not pride."

These conversations—raw, unfiltered, and deeply personal—bring me peace. They bring me joy. They help me return to myself, and to the One who knows me better than I know myself.

Let this journal be your quiet space. Your sacred corner. Your ongoing conversation with God—one honest entry at a time.

Head Admin

मेहनत की जीत

राहगीर वहाँ तक जायेगा, राह जहाँ तक जायेंगी

तुम दरिया से क्या पूछ रहे की नीर कहाँ तक जायेगी

खींच धनुष की डोर निशाना साधो अपनी मंजिल का,

बाकी बाद में देखेंगे की तीर कहाँ तक जायेगी

उड़ान भर भरोसे की, मत सोच पंखों की हद,

कदम बढ़ाओ साहस से, देखो आसमां मैं कहाँ तक जायेगी

तुम बैठे रहो किस्मत के भरोसे, यहाँ तो दिनरात की मेहनत कहाँ तक जायेगी

हार कैसे मान लू यार, जब जीत का इंतजार मेरी माँ तक जायेगी

Mr. Irfan Deshmukh
Senior Accountant

नए भारत का आगाज़

आँखों में मेरे कुछ सपने थे, वो राख हुए इतिहास में,
कभी कारगिल की पहाड़ियों में, तो कभी हिन्दू के विश्वास में।

वो चिंगारी अब भी जलती है, जो घर से बेघर कर गई,
कश्मीरी पंडितों की चीखें आज भी वादियों में डर कर गई।

मुंबई की गलियों में गूंजी, सुनी थी वो दर्द भरी आवाज,
कभी रेल की पटरियों में, तो कभी जल उठा था ताज।

२६/११ की वो रात से, आज भी दिल भर आता है,
समुंदर पार से आया हैवान, कैसे इंसानियत को मार जाता है।

पुलवामा की मिट्टी में, जवानो का खून बहा,
कश्मीर की घाटी कांप उठी, और हमने ये सब सहा।

पहलगाम का वो मंजर हिला गया हिंदुस्तान,
आतंकीयो ने इंसान नहीं, बस पूछा धर्म का नाम।

इतिहास में दबी कुछ कहानी है, जो चीख कर बता रही सच्चाई है,
अब ये नया भारत है, यहाँ हर बेटा अर्जुन तो बेटा लक्ष्मीबाई है।

उरी का जवाब दिया अंगारों से, कर दिया उनके मंसूबो को चूर,
कहा था बता देना मोदी को, लो चल पड़ा अब ऑपरेशन सिंदूर।

हम नए भारत की पहचान हैं, हम पीछे हटते नहीं,
जो किसी ने बन्दुक उठाई, तो हम कभी झुकते नहीं।

भाविक की पंक्तियों में छिपी, हर हिंदुस्तानी की आवाज़,
कमजोर ना समझना हमें, ये तो हैं नए भारत की विजय का आगाज़।

यह कविता मेरे व्यक्तिगत विचारों की अभिव्यक्ति है। इसका उद्देश्य किसी की भावना को ठेस पहुँचाना नहीं, बल्कि राष्ट्रप्रेम और आत्मगौरव को व्यक्त करना है।

Colors Bloom at Ace Aurum I: A Vibrant Drawing Competition

Alright JTribe, let me tell you, the drawing competition at Ace Aurum I was just fantastic! Seeing those little ones, the Tiny Tots with their tongues sticking out in concentration and the Junior Artists so focused on their masterpieces – it honestly warms your heart.

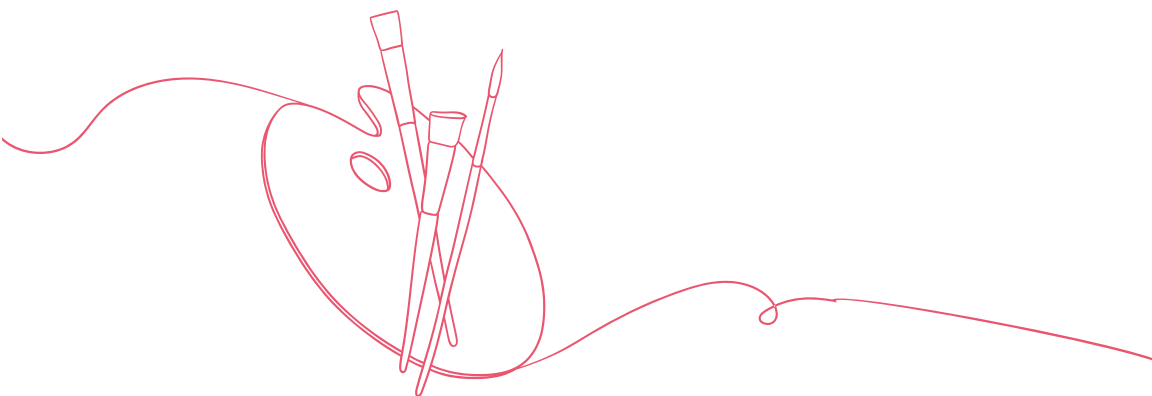

We had almost 20 kids join in, which is a great turnout, and the energy was just infectious. You could see how much they were enjoying getting those colors down on paper. Big shoutout to Aparna, and Karuna from the JConnect team – they really nailed the organization. Everything flowed so smoothly, and they created such a fun and encouraging vibe for the kids.

Honestly, the artwork these little stars produced

was incredible! We had everything from sunshine-filled gardens to the silliest looking monsters. It was tough to pick the winners, but we managed to select three shining talents from each age group. The smiles on their faces when we announced their names? Priceless!

These kinds of activities are so important for building that community spirit and giving our residents, especially the kids, a chance to connect and have some fun. It's not just about the drawing; it's about the shared experience, the laughter, and creating those happy memories right here at Ace Aurum I. Definitely a highlight, and something we should look to do more of!
