Editor's Note

Dear Readers,

We Embraced a Spectacular February 2025 with Growth, Togetherness, and Excellence.

As we move forward into the vibrant journey of 2025, February proved to be a month filled with moments of celebration for the Jhamtani family.

The year began on an exciting note with the much-anticipated J-Tribe Ace Cup, that brought together our residents in an inspiring display of sportsmanship. It was a heartwarming sight to witness participants, young and old, giving their best on the field and cheering each other on. The Ace Cup Award Ceremony and Gala Dinner that followed was nothing short of a vibrant night of appreciation, fine dining, and the joy of celebrating each other. Such events remind us that Jhamtani is not just about building homes; it is about building a thriving, connected community.

February also saw a unique **Mahashivratri celebration** at **Ace Aurum 3**, led by our HAS Team. The event was a serene yet powerful reminder of our rich cultural roots and the traditions that continue to bring us together. The HAS team handed a beautiful gift hamper with Mahashivratri wishes and our monthly newsletter to every family. This enhanced the soulful celebrations of the festival and reconnected us with everyone.

A New Milestone: Ace Aster Office Inauguration & Launch

One of the most momentous occasions of the month was the **Ace Aster** Office Inauguration & Launch, marked by the auspicious Bhoomi Pujan. This significant launch is a proud milestone for Jhamtani, as Ace Aster becomes our 7th Ace in West Pune. With this project, we continue to bring our vision to life—creating thoughtfully designed homes that reflect our core philosophy of **#AapnoKaGhar**. Seeing the overwhelming response from visitors reaffirmed our unwavering commitment to delivering excellence and is a testament to the impact we strive to create through each project.

With a fantastic start to the year, we're grateful and excited for what's ahead. Every project and interaction reaffirms that Jhamtani is more than real estate—it's a community built on trust, unity, and progress.

Here's to more fantastic chapters in 2025!

The Spirit of Cricket

Ace Cup 2025 in Full Swing

Since 2019, Jhamtani has proudly upheld the tradition of organizing an exciting cricket tournament for the residents of various societies, fostering community spirit and sportsmanship.

This year marked my third consecutive year of organizing one of Jhamtani's biggest events alongside my teammates. Planning and discussions begin as early as July or August of the current year for the tournament, which takes place early the following year. Every minute detail is carefully discussed and executed. At Jhamtani, we constantly strive to make each event better than the last. Although this is an annual event, each year brings its own unique set of challenges.

The first and most crucial step is securing a cricket ground for the tournament. Since this is a peak season, many venues are often pre-booked for corporate events. Once the venue is finalized, the internal teams: CRM, Admin, and Marketing, work collaboratively to meticulously plan and execute every step of the event. Their dedication ensures that all logistical, promotional, and operational aspects are seamlessly aligned, contributing to the overall success of the tournament.

Each team plays a crucial role:

- **CRM & Admin:** Managing registrations, team coordination, scheduling, and on-ground logistics.
- **Marketing:** Handling event promotions, branding, and audience engagement.

Organizing a cricket tournament requires careful planning and execution to ensure a smooth and successful event. The key prerequisites include:

1. Planning & Conceptualization
2. Budgeting & Sponsorship
3. Venue & Equipment Finalization
4. Team & Player Registration
5. Match Officials & Volunteers Coordination
6. Scheduling Matches
7. Promotion & Publicity
8. Awards & Recognition
9. On-Day Execution
10. Post-Tournament Activities

By following these steps, we ensure a professional, well-structured, and enjoyable cricket tournament.

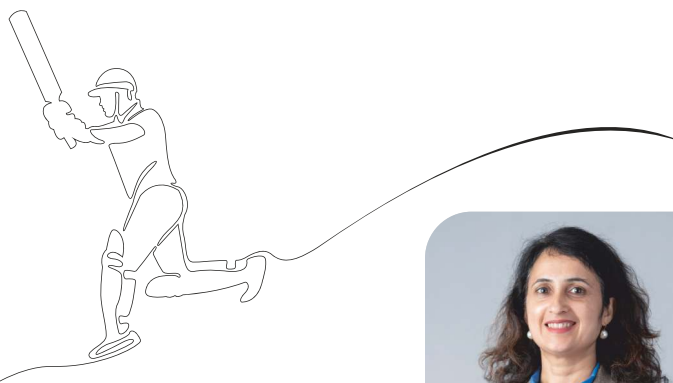

With each passing year, the Ace Cup continues to grow—not just as a tournament but as a symbol of teamwork, perseverance, and community bonding. The journey from planning to execution is a testament to the dedication and passion of every individual involved.

As the cheers echo across the field and the final trophies are lifted, we are reminded that this event

is more than just cricket—it's about bringing people together, celebrating sportsmanship, and creating unforgettable memories.

With Ace Cup 2025, we have once again raised the bar, and we look forward to an even bigger and better tournament next year. Until then, the spirit of the game lives on, uniting us all in our shared love for cricket.

See you on the field in 2026!

Strengthening Bonds This Maha Shivratri with JTribe

Mahashivratri at Ace Aurum III: Spreading Light and Community Spirit

Hey everyone, Madhav here! I wanted to share a quick story from our recent Mahashivratri celebration at Ace Aurum III. This year, we decided to go beyond the usual festive greetings and do something a little different.

We wanted to create a genuine sense of connection—and, let's be honest, generate some positive buzz. So, we put together these lovely gift hampers, featuring fluorescent coconut shell candles that were an absolute hit! They added a unique touch—something people would actually use and remember. Of course, we paired them with traditional prasad and went around distributing them to residents and even some folks in the surrounding area.

Honestly, the best part was seeing the smiles. Watching people's faces light up, especially when they saw those candles, was incredibly rewarding. We managed to capture some great shots, too—perfect for our social media! It's those genuine moments that really resonate.

Now, being a marketing guy, I also saw this as the perfect opportunity to get our “Buzz” newsletter into more hands. We've been working hard to make it a valuable resource for residents, and Mahashivratri was the ideal time to share it. It's a subtle way to keep people engaged with what's happening at Ace Aurum III.

This entire initiative falls under our JTribe program, which is all about building a strong and connected community. And let's be real—a happy community is a referring community! We wanted to show our appreciation and create a positive experience, and it definitely paid off. We've already seen an uptick in inquiries and referrals, which is fantastic.

Ultimately, it was a successful event that blended community service with smart marketing. We spread some joy, shared a bit of our brand, and strengthened our connection with the Ace Aurum III residents. It's all about finding those opportunities to create meaningful interactions and build lasting relationships. And those fluorescent candles? Definitely a conversation starter!

Art Knows No Boundaries

The Artist Within Us All

Shiv Jayanti at the Jhamtani office was truly special this year, as it brought an unexpected and heartwarming surprise from one of our own—Ajit Jadhav, also known as Ajit Dada, Jhamtani's office boy.

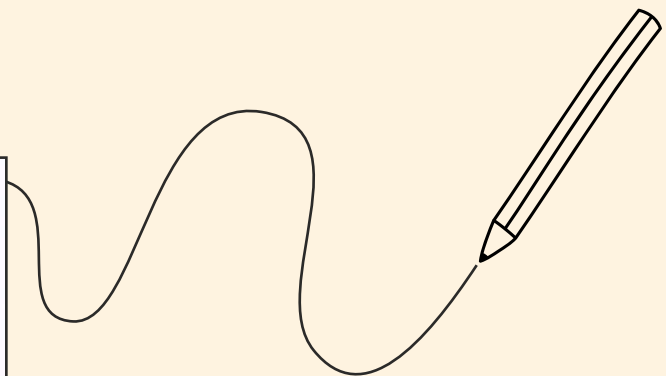

Ajit proved to us that talent has no title, no designation, and no limits—it simply needs an opportunity to shine. As the office buzzed with its usual energy, he sat quietly at his desk, lost in his own world. Little did we know that Ajit was creating something extraordinary. With a simple pencil and paper, he began sketching. Slowly, his strokes came together, bringing to life a stunning portrait of Chhatrapati Shivaji Maharaj—our beloved warrior king and symbol of courage.

His artwork wasn't just a sketch; it was a testament to passion, dedication, and the idea that artistry

isn't confined to professionals—it resides in all of us. Sometimes, all it takes is a pencil, a vision, and the courage to create.

At Jhamtani, we take immense pride in sharing this incredible artwork with our JTribe. Ajit's creation is a testament to the idea that the artist within us never fades—it simply needs the right moment to emerge. His talent has inspired us all to nurture our own creativity, no matter how busy life gets.

Thank you, Ajit Dada, for this beautiful reminder and for making **Chhatrapati Shivaji Maharaj Jayanti 2025** truly unforgettable!

Raising a Well-Rounded Child - Balancing Play, Learning & Tradition

When my first child was born, my husband and I decided to limit his screen time and instead focus on activities that would help develop his cognitive and motor skills. We also introduced brain-boosting exercises to enhance his logical thinking.

From a very young age, I introduced him to books and flashcards, a habit that continues to this day. Now, we read a variety of storybooks—historical, fairy tales, mythological tales—and sometimes, he even creates his own imaginative stories and narrates them to us.

As he grew, it was time to explore his creative side through activities that encouraged building, drawing, and crafting. Among all these, he particularly enjoys playing with

building blocks and magnetic construction sets, designing structures like buildings, palaces, and bridges. Additionally, he has a strong inclination toward storytelling and performing. He loves enacting Ek Patri Natak (one-man plays), where he takes on roles like Shivaji Maharaj, dramatically narrating historical tales. He has also performed stories of Tukaram Maharaj and Mande Bhajto, among many others.

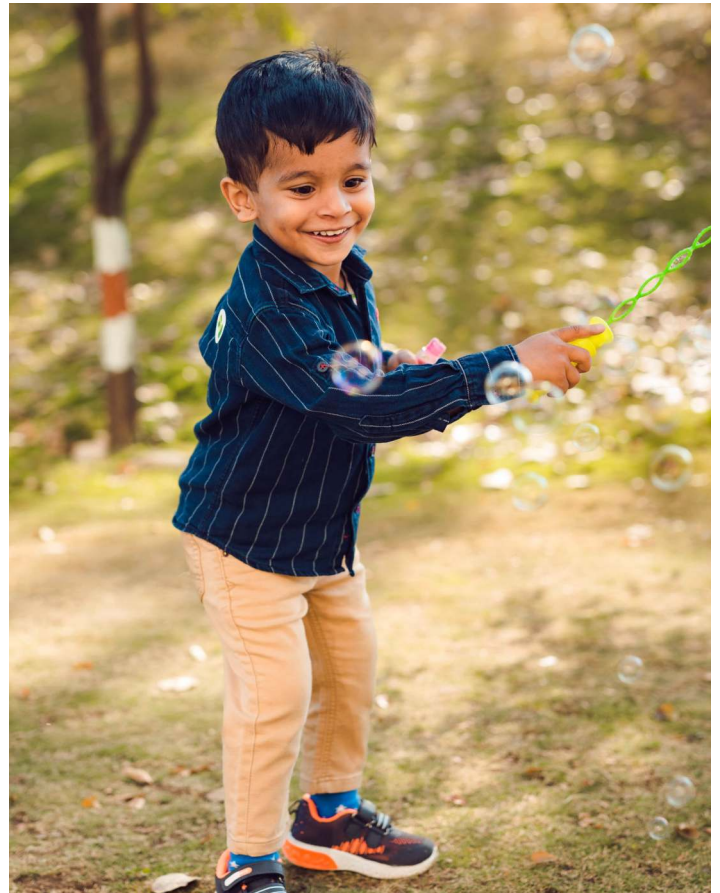

His interests extend beyond storytelling and construction—he also enjoys participating in household chores! He enthusiastically helps with putting utensils back in place, cutting

vegetables (his favorite being bhindi), peeling peas, and much more.

Speaking of nature, he has a keen interest in birdwatching and marine life, enjoying sightings of fish and coral reefs. His latest fascination is visiting forts, and he is eager to explore more historical sites.

This doesn't mean we completely avoid screen time. However, we manage it wisely by allowing only age-appropriate content on YouTube Kids, with automatic locks set after a fixed duration.

One tradition we have followed since his early childhood is reciting shlokas every evening. As a proud mother, I can say that at just five years old, he already knows Ramraksha, Hanuman

Chalisa, Pasaydan, Atharvashirsha, Rudrashtakam, Aigiri Nandini, Ek Shloki Ramayana, Mahabharata, and many more. His next goal is to learn Shiva Tandava Stotra, a complex Sanskrit hymn.

This journey has reinforced my belief that nothing is impossible with dedication and consistency. At the same time, it is essential to lead by example—because children learn best by watching and imitating their parents.
