Editor's Note

Dear Readers,

I am incredibly excited to present this issue of JTribe Monthly Buzz, a true celebration of the diverse talents and unwavering dedication of our team. From frontline heroes to strategic thinkers, every individual has played a vital role in our collective success.

This edition features a heartwarming "Team Milestones" section, recognizing some incredible achievements over the past year. As the saying goes, "Success is not a matter of luck; it is a matter of preparation." In that spirit, this month was crucial for strategizing our future, culminating in a full-day workshop aptly named "Roadmap Day 2025-26." During this session, we diligently worked to chart the path and establish key milestones for the ongoing financial year through various activities and comprehensive strategy planning.

We also want to highlight the exceptional hard work of some of our senior leaders, including Prachi, Adv. Bhavik Jain, Anupam Kulkarni, and Vishakha Mali. Their contributions were key success factors in the Customer Relationship, Land Acquisition, and Finance verticals during the last financial year. We are immensely proud to have such strong professionals working with us, enabling Jhamtani to stand tall.

We're especially proud of how our initiatives, "JTribe" and "Hamesha Aapke Saath," have brought us even closer to our customers. They've been invaluable in strengthening our connection and creating clear channels for open communication and feedback. We've always believed in building strong communities and fostering robust bonds through transparent communication and top-notch service. That's why we put extra effort into training our team to uphold our core values, no matter the circumstances.

With all these fantastic developments, we're definitely looking forward to a great year! The new projects we have planned for this year will bring us even closer to our vision: creating innovative real estate that offers a truly delightful and comfortable lifestyle for all our customers.

Stay tuned for more!!

Regards,

Meenakshi Jhamtani

Shaping Pune's Future: Our Roadmap for 2025-2026

The atmosphere at Jhamtani during our recent **Roadmap Day 2025-2026** was, as always, a dynamic blend of reflection and forward-thinking. This annual event is a cornerstone for us, a critical moment to acknowledge our achievements and lessons from the past financial year, and to meticulously plan the exciting journey ahead. As an organization committed to "Crafting Skylines," this day is vital – it's where we lay the groundwork for the structures that will help define Pune's future.

We firmly believe that success isn't just about luck; it's about preparation. With that in mind, the preceding month was dedicated to intensive strategizing, culminating in a comprehensive full-day workshop. This session served as a crucible for ideas, where we debated pathways and firmly established key milestones for the

ongoing financial year through a series of engaging activities and in-depth planning exercises.

Our enduring commitment to our core values – Innovation, Best Practices, and Customer Centricity – formed the bedrock of all roadmap discussions. These principles are more than just words; they are the guiding stars that illuminate

our trajectory. As we step into the next phase of our growth, our roadmap clearly outlines a strategic focus on several key areas:

Embracing the Future Through Technology Enhancement

We recognize the transformative power of technology and are poised to further integrate cutting-edge solutions into our operations. This includes the strategic use of ERP systems for enhanced efficiency and data-driven decision-making, the meticulous formation of Standard Operating Procedures (SOPs) to streamline processes and ensure consistency, and the adoption of advanced construction techniques and sophisticated software to push the boundaries of what's possible in real estate development.

Building Communities, Not Just Buildings: The JTribe Initiative

Beyond bricks and mortar, we understand the importance of fostering vibrant communities. Our JTribe initiative underscores this commitment, aiming to cultivate a strong sense of belonging and connection among residents, transforming living spaces into thriving neighborhoods.

Putting Customers First: The HAS Promise (Hamesha Aapke Saath)

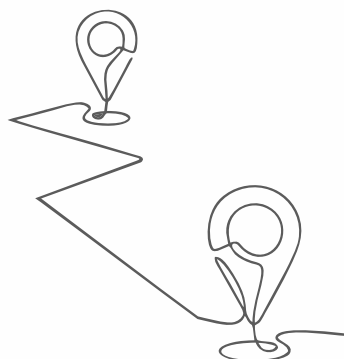

Customer satisfaction remains paramount for us. The HAS (Hamesha Aapke Saath), meaning "Always With You," initiative reinforces our dedication to providing unwavering support and building enduring relationships with our clientele, ensuring a positive and seamless experience throughout their journey with us.

This year carries special significance as it marks the culmination of Jhamtani's fourth decade in

business. This is a milestone we don't take lightly. We extend our profound gratitude to our entire ecosystem – our customers who have entrusted us with their dreams, our business associates who have collaborated on our vision, our well-wishers who have cheered our progress, and, most importantly, our dedicated employees who have been the backbone of our success. This collective trust and support have been instrumental in shaping Jhamtani's legacy.

As we embark on this new financial year, we reaffirm our unwavering commitment to "Crafting the Skylines of Pune" with even more ambitious and impactful projects. The Roadmap 2025-2026 isn't just a document; it's a testament to our enduring vision, a strategic compass guiding us towards a future where innovation meets excellence, and where every project contributes to the vibrant tapestry of Pune's urban landscape.

With a clear path charted and a strong foundation built on experience and trust, our message is resoundingly optimistic: Onwards and Upwards... Jhamtani. We believe the city of Pune can undoubtedly look forward to the next chapter in its skyline-defining journey.

Unlearn to learn - Embrace Unlearning

I was recently counseling a colleague on work-related issues he was facing. After listening to him, I observed that he is very much imprisoned in his past experiences and beliefs. This conversation leads me to think about how we, everyone do the same irrespective of the profession & situation. During a routine mediation session, in a calm sense, I realized my relativity of the same issue.

So, I thought to write my thoughts over it and gradually improve day by day.

Let's start with a short story.

Once, there was a girl named Avani, who loved to draw. She learned to draw houses in school from her art teacher in a very specific way. The picture-perfect house with a square body, a triangle roof, and two square window grills. Avani thought it was the only way to draw a house. She kept drawing her favorite house all the same.

On her holiday at grandma's place, Avani went to the park with her grandma. Her grandma pointed to a house with a round tower and big, arching windows. "Look, Avani," she said, "what a unique & beautiful house!"

Avani looked at it, confused. "But Grandma, that's not a house," she said. "It doesn't have a square body and a triangle roof."

Her grandma smiled gently. "Houses can look many different ways, my dear," she explained. "Some are tall, some are wide, some have flat roofs, some are even round!"

Avani felt a strange feeling. Everything she thought she knew about houses was suddenly... wobbly. She had to unlearn her idea that a house must look only one way.

It was a bit hard at first. When she tried to draw the house with the round tower, her hand still wanted to make a square body. But she remembered her grandma's words. She looked closely at the real house, noticing its curves and different window shapes. She forced herself to draw what she saw, not what she had always drawn.

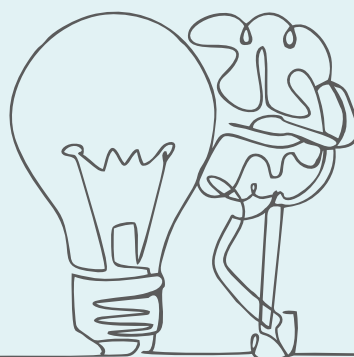

Slowly, Avani started to draw all sorts of houses: tall ones, small ones, houses with big porches, and even houses that looked like castles. She didn't forget how to draw the simple square house; that was still a good way to start. But now, she had many more ways to draw.

Avani learned that to draw new and exciting things, she first had to let go of her old, fixed rule about houses. She had to unlearn to learn. And that made her drawings much more fun and her imagination much bigger!

"Unlearn to learn" means letting go of old ideas to make room for new ones. It's not easy, but here's how:

- **Question Everything:** Ask "why" and "what if" about what you believe.
- **Listen to Others:** Talk to people with different views; they can show you new ways of thinking.
- **Get Comfortable with Change:** It might feel weird to let go of old habits, but that's how you grow.
- **Welcome Feedback:** Let others tell you where your ideas might be outdated.
- **Try New Things:** Experiment, even if it feels strange, and see what happens.
- **Believe You Can Grow:** Know that you can always learn and improve.

It's about being humble and always ready to learn. Letting go of what you think you know is the first step to truly learning.

Building with Purpose, Designing with Passion

I'm a dedicated Civil and Interior Fit-Out professional with a passion for creating spaces that combine structural strength with aesthetic excellence. With **20 years of experience in the industry**, I've managed and executed a variety of projects—but one of the most rewarding was a complete villa construction and interior fit-out project.

This villa project was a turning point in my career. From the foundation to the final finishes, I oversaw every phase:

Structural work: Excavation, foundation, RCC framework, masonry, and roofing

Interior fit-out: False ceilings, wall cladding, flooring, modular kitchen, Bed wardrobes, furniture lighting, and painting

MEP coordination: Plumbing, electrical, HVAC, and Movie theater CM systems

Client customization: Tailored designs for each room, focusing on comfort, elegance and smart space usage

I worked closely with architects, engineers, and clients to ensure that every detail aligned with their vision while maintaining technical feasibility and quality. The successful handover of that villa—on time and within budget—was a proud milestone.

I specialize in managing every aspect of a fit-out project: from interpreting drawings and preparing quality work to site execution, vendor coordination,

and final handover. I'm hands-on with materials, finishes, and detailing—always ensuring timelines and budgets are respected without compromising quality.

What I bring to every project:

- Strong site management and civil execution skills
- Keen eye for interior detailing and finish quality
- Ability to coordinate teams, vendors, and suppliers effectively
- Hands-on experience with drawings, BOQs, and material selection

- A commitment to turning ideas into reality with professionalism and care

What sets me apart is my ability to bridge the gap between construction and design. I don't just build what's on paper—I bring it to life with practical insights, aesthetic sense, and a deep respect for craftsmanship.

That villa wasn't just a building it is a dream turned into a home. And I carry that same dedication into every project I take on, and I am blessed that I got that opportunity,

पुणे की बारिश

ओह! वो पहली बूंद, जो धरती को छूते ही कहती है,
“लो, अब तुम्हारी कॉफी का बहाना मिल गया!”

बादल गरजते हैं, दिल मचलता है... और मन करता है
“चलो, सिंहगढ़ की चढ़ाई करे, या पुरानी गलियों में भीगते चल”

पर तभी – पैर फिसलता है, गाड़ी डगमगाती है,
क्योंकि रास्ता नहीं, एक जलजला झील बनी होती है।

वहाँ गड्ढा है या गड्ढे में सड़क, ये कोई शर्त लगाता है,
सालों से चली आ रही कहानी, हाले दिल बताता है।

अब हमारे रिपोर्टर बता रहे, चांदनी चौक से कात्रज की दुरी,
घंटे का सफ़र तीन घंटे में, बस इसी में जिंदगी होगी पूरी।

ट्रैफिक सिग्नल पर स्टैंड-अप कॉमेडी चल रही है
“भाई, घर कब पहुँचेंगे? ये हर मन की आवाज़ पूछ रही ह”

कई रास्तों में "Under construction" बोर्ड लगाई जाती है
सड़कें-जैसे दिल के रिश्ते, जो हर मानसून बेवजह टूट जाती हैं।

और बिजली? वो तो जैसे बारिश से डरती है,
“Transformer जल गया” बिजली विभाग कहती है।

पुणे, तू सुंदर है, तेरी बारिश रूमानी है,
पर तेरी सड़कें, तेरा ट्रैफिक, चली आ रही बेईमानी है।

हम पूछते रह गए उन जनाबों से,
“बजट कहाँ गया?” “रिपेयर कब होगा?”

‘एक शहर, जो स्मार्ट बनने चला था,
वो गड्ढों में क्यों बह रहा था’

अंत में कहना चाहता हूँ-
के प्यारी है तेरी बारिश, ये अक्सर मेरे मन को लुभाती है

जो सिस्टम इंफ्रास्ट्रक्चर बदल गया, तो तेरी रिमझिम के इसे क़ाबिल
बनाती है

The Unseen Engine: Why Recognizing Great Work Fuels Everything We Do

In any successful organization, there are countless gears turning behind the scenes. From the big wins to the daily dedication, it's the collective effort of every individual that drives us forward. And while we're all focused on delivering our best, there's a powerful, yet often understated, force that truly elevates performance and builds a stronger team: recognizing great work.

Think about it. We all thrive when our contributions are noticed and valued. It's not just about awards or formal programs; it's about creating an environment where appreciation is a natural part of our culture. When someone goes the extra mile, solves a tough problem, or simply consistently does excellent work, acknowledging that effort has a ripple effect.

Why Acknowledgment Makes a Real Difference

It Powers Motivation: When people feel seen and appreciated, it ignites a deeper sense of purpose. It tells them their hard work matters, inspiring them to continue striving for excellence. This isn't just about individual drive; it elevates the energy of entire teams.

It Builds Stronger Teams: Recognition fosters a positive atmosphere. It encourages collaboration and mutual respect, turning a group of individuals into a cohesive unit. When we celebrate each other's successes, we build trust and a stronger sense of belonging.

It Retains Talent: In today's competitive landscape, talent has choices. Beyond

compensation, a key factor in why people choose to stay and grow with a company is feeling valued. A culture of recognition shows our people that their contributions are genuinely appreciated and invested in.

It Elevates Our Standards: When we highlight exemplary work, we set a clear benchmark for success. It subtly encourages everyone to aim higher and reinforces the quality and dedication that are the hallmarks of our organization.

Ultimately, recognizing the efforts of our colleagues and teams isn't just a nice-to-have; it's a fundamental investment in our collective success. It's the unseen engine that keeps us moving forward, fostering an environment where every individual feels empowered to contribute their best.

Let's continue to champion this spirit of appreciation in our daily interactions. A simple thank you, a public shout-out, or an encouraging word – these small acts have a profound impact, strengthening our bonds and driving us toward even greater achievements.

The Power of Teamwork: Achieving More Together

In every successful organization or project, there is one factor that consistently plays a vital role—teamwork. While we often work within teams, not everyone embraces the true spirit of collaboration. Sometimes, individuals feel they have done all the work alone and seek credit only for themselves. But success rarely belongs to one person. It is usually the outcome of a group effort—people supporting one another, sharing ideas, and combining their strengths.

What Does It Mean to Work as a Team?.

A team is not just a group of people working together. A true team is built on communication, shared goals, mutual respect, and trust. The first step in teamwork is understanding the task at hand—discussing what needs to be done, planning the process, and dividing responsibilities clearly and fairly.

Team members bring different skills and experiences to the table. That is where

cooperation becomes essential. Helping each other, sharing knowledge, and offering support leads to a smoother workflow and better results. When one person struggles, others should step in—not to compete, but to complete.

Team members should not focus on individual recognition, but on uplifting one another. With this mindset, not just the team, but the entire organization thrives. Department heads or team leaders must monitor progress, provide feedback, and ensure deadlines are met to maintain harmony and productivity.

When challenges arise, openness can lead to solutions. One idea could unlock the answer the team needs. This kind of collaboration is what drives true success.

A Real-Life Example of Great Teamwork: NASA's Apollo 11 Mission

A powerful example of teamwork can be seen in NASA's Apollo 11 mission, which landed humans on the Moon in 1969. While astronauts Neil Armstrong and Buzz Aldrin became global icons, they did not do it alone. Behind them was a team of over 400,000 scientists, engineers, and support staff.

From designing the spacecraft to managing last-minute adjustments, each part was handled by specialists collaborating constantly. If one department had failed or worked in isolation, the mission might have ended in disaster. Instead, it became a historic success—thanks to teamwork.

Teamwork in Construction: The Case of Larsen & Toubro (L&T)

In the construction industry, teamwork is the backbone of success. Take Larsen & Toubro (L&T)—one of India's most renowned engineering and construction firms. L&T's successful execution of the Statue of Unity project in Gujarat is a perfect example.

This 182-meter statue—the world's tallest—was completed in just 46 months, an incredible feat considering the scale and complexity. It involved architects, civil engineers, structural designers, fabricators, safety officers, and local labourers, all working in coordination.

Every department, from design to execution, worked in close sync. When unexpected challenges arose, such as difficult terrain or

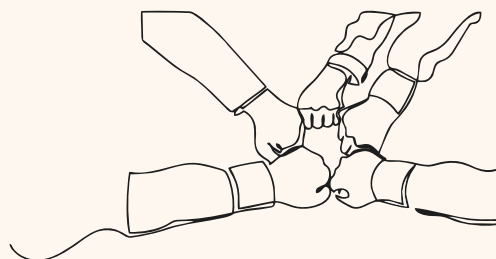

unpredictable weather, the teams came together to quickly find solutions. Open communication, shared goals, and mutual respect ensured the project stayed on track. Without this seamless collaboration, such a landmark achievement would not have been possible.

The Heart of Teamwork: Value Everyone

Every person, no matter how small their role may seem, is a vital part of the team. When individuals feel respected and valued, they stay motivated and give their best. A culture that encourages this leads to greater satisfaction, better performance, and long-term success.

Conclusion

Teamwork is not just about dividing tasks—it is about uniting people. It is about trust, support, and shared success. Whether it is landing on the Moon or building the tallest statue in the world, teamwork proves that together, we can achieve more. When we recognize and respect every team member's value, we do not just build better teams—we build stronger organizations and a better world.

चल तो पड़े हैं

चल तो पड़े हैं बड़े ख्वाब लेकर,
बड़ी उम्मीदें, बड़े हौसले लेकर,
मज़बूत इरादे, बुलंद वादे करके,
बनाएंगे ऐसी कंपनी जहाँ,
हर कोई खेल सके, कुछ बेहतरीन कर सके,
कुछ बन सके और दूसरों को भी बना सके,
जहाँ सिर्फ़ पैसा नहीं, इज़्ज़त और रिश्ते भी कमाए,
कोई जंग नहीं, बस सबके दिल जीतते जाएं।

लोगों के लिए केवल मकान नहीं,
परिवारों के लिए घर बनाएं।
खुश रहें और खुशियाँ फैलाएं।

जैसे-जैसे बढ़ें ऊँचाइयों की दिशा में,
कठिन रास्तों और बीच तूफ़ानों में,
रोज़ गिरते, रोज़ संभलते हैं,
किन्तु कभी हार न माने, बस सुधरते जाते हैं।

कभी सुबह जल्दी, कभी शाम देरी —
कभी खुद को भूल कर भी लक्ष्य नहीं भूलते हैं,
कभी इच्छाओं, कभी रिश्तों की कुर्बानियाँ,
कभी थकते, कभी कमज़ोर पड़ते हैं।

बीजांड ते ब्रह्मांड

वयोपरत्वे तोल जाऊन पडल्याने आई अंथरुणाला खिळली ती कायमचीच. सर्व अवयव नव्वदीतले. झिजलेल्या कंबरेवरचा मुक्कामार तिला कायमचा परावलंबी करून गेला. पाय उचलणं सुद्धा अशक्य झालं. तिच्या संवेदना कमी झाल्याने सगळे सोपस्कारही कपड्यातच. वृद्धत्व सोडून दुसरा आजार नव्हता.

पण म्हातारपण म्हणजे सुकून जिर्ण झालेलं बालपण. तोच हटवाद आणि वागणंही तसंच लहरी. सल्ला मसलतींचा पाउस पडला. लाख मोलाच्या आईसाठी काही हजाराची केअरटेकर... मनाला पटेना. अनेक पर्यायांचा उहापोह झाला. आम्हा दोघांची कामं अत्यावश्यक सेवेतली. सलग सुट्ट्यांचा दुष्काळ. मग मीच ठरवलं केअरटेकर व्हायचं. चिडक्या हट्टी म्हातारबाळाची आई व्हायचं. लाळेरं लावून सकाळी चमच्याने पाजलेला चहा. दमदाटी करत भरवलेलेचे चिऊ काऊ चे घास. कधी ठसका, कधी मळमळ तर कधी उलटी... बहाणेच बहाणे.

पेशाने सर्जन, मलमुत्र रोगांशी जुनी दोस्ती. त्यामुळे संकोच सोडणं सोपं गेलं. डोळे मिटून घेण्याशिवाय तिच्या संकोचाला पर्यायच नव्हता. वेळोवेळी डायपर बदलून, अंग पुसून, पावडर लावून कपडे घालण्यापासून तेल लावून वेणी फणी करण्यापर्यंत सगळं. दिवसातून दोन तीनदा घर ते हॉस्पिटल. हॉस्पिटल ते घर अप-डाऊन. धावपळ होत होती; पण थकवा आला तरी जाणवत नव्हता. तिच्या प्रत्येक हाकेमुळे मनातल्या मनात माझाही पान्हा फुटत असावा. मनाच्या कुठल्यातरी पातळीवर कधीही न मिळालेलं समाधान अनुभवत होतो. कुठल्याही कळा न सोसता मला तिचं आईपण मिळालं हे माझं किती मोठं भाग्य होतं. पण

फार काळ नाही. काही महिन्यांची सेवा आणि एका प्रसन्न सकाळी माझ्या हिरकणी ने गड सोडला.

मी माझं कर्तव्य समजून तिची सेवा केली. कुणीतरी म्हणालं पुण्य कमावलंस. त्याचं खरं असेल तर हे छोटंसं पुण्य चित्रगुप्ताच्या डायरीतील माझं पान भरायला पुरेसं होईल.

देव आणि आई एकाच नाण्याच्या दोन बाजू. देव खाली येऊ शकत नाही म्हणून आईला पृथ्वी वर पाठवलं। असं कुठंतरी वाचलेलं. त्या वाक्याचा प्रत्यय यावा अशी आपली आई.

रामची असो की शामची.

कैकयी असो की गांधारी.

आई सगळ्यांची सारखीच.

शरीराने आणि मनाने आपल्या गूढ देवराई तील शक्ती देवता. फक्त आपल्या भल्यासाठीच तिच्या ओंजळीतली माया रिकामी करणारी लक्ष्मी.

प्रत्येकाच्या छोट्याशा आकाशातील अढळ स्थानावरील ध्रुवतारा. तिचं गुरुत्वाकर्षण तर पृथ्वीपेक्षाही भारी. खालून वर नेणारं. बिजांडातून ब्रह्मांडात पोहचवणारं.

तिच्या बिजांडात अंकुरलेला सुक्ष्म कोंब म्हणजे आपण. एक दशांश मि.मि.पेक्षाही लहान. गर्भाशयाच्या भिंतीवर मुळं पसरून, तिचं रक्त शोषून तगणारं बांडगुळ. मधेच केव्हातरी पारंबी फुटावी तशी नाळ फुटते बेंबीतून. त्यातून मिळणाऱ्या रवतावर कोंबाचं रोपटं होण्याची सुरुवात होते. चैत्राच्या पालवी सारखे हळूहळू फुटलेले कोवळे कोवळे अवयव. तिचीच उर्जा घेऊन सुरू झालेली इंजिन... आदिपासून अंतापर्यंत अव्याहत पळणारी.

नव्या फुफ्फुसाचा पहिला श्वास आणि नव्या हृदयाचा पहिला ठोका तिच्याच मालकीचा. नॅनोग्रॅम पासून ते किलोग्राम पर्यंतची वाढही तिच्याच कोठारातील. कणाकणानं वाढणारं ओझं घेऊन तोल सांभाळणारा कणखर मणका. कितीही वाकला तरी पोटातल्या गोळ्याला सुरक्षित वाहणारा. लाथा मारणारं बाळ, आणि लाथा मारणारी परिस्थिती, दोघांना झेलत तारेवर झूलणारी डोंबारीण. नऊ महिने नऊ दिवसांची कसरत. ढोलकं बडवायला नवरा आणि टाळ्या पिटायला ढिगभर जमाव.

पण मदतीसाठी थाळी फिरवली की सगळ्यांचं घुमजाव. बाळिनवासाच्या पायाभरणीत फिकट करणारे दिवस. धापा टाकत टाकत केलेलं रांधा वाढा, उष्टी काढा. सुजून जडावलेले पाय आणि वाढलेले श्वास म्हणजे घटीका भरल्याची नांदीच.

चंद्र, ग्रह, तारे बाळाच्या कुंडलीत स्थिरावले, कि सुरू झालेल्या प्रसव कळा. खोल, गूढ, अगम्य कृष्ण विवरातील वादळ. सुरुवातीला समुद्राच्या हळुवार लहरींचे हिंदोळे. नंतर याच लहरींवर स्वार झालेल्या भरतीच्या धडका. एकामागून एक. बाळाच्या ओढीने वाढलेल्या कळा जणू चंद्रासाठी उसळणाऱ्या पौर्णिमेच्या लाटा. काही सौम्य काही रौद्र. उरल्या सुरल्या शक्तीला मुठीत घट्ट आवळून घेतलेल्या, कळांवर कळा... प्राण पुरवणारा वार जागा सोडण्यासाठी भिंतीपासून विलगू लागतो.

मुळापासून विस्थापित होण्याच्या भिंतीने बाळही अस्वस्थ होऊ लागते. अशुभ संकेतांची टिटव्यांची टिटटिव. गुदमरणान्या बाळासाठी, रवचलेला धीर मुठीत आवळून एक जोराची किंकाळी आणि निकराची एक शक्तीशाली कळ.

किनारा चिरणाऱ्या पाण्याच्या लोंढ्यात तरंगत आलेलं आणि दाईने झेललेलं गोंडस बाळ.

मातेने सोसलेल्या यातनांना बाळाने रडून दिलेली दाद, म्हणजे बाहेरच्या जगातला पहिला श्वास.

दुपट्यातल्या सुरवाला उराशी कवटाळून अमृतकुंभाला शोधणाऱ्या अधाशी ओठांना कौतुकाने पाहणारे आईचे डोळे.

फुटलेल्या पान्ह्यातून गळणारे थेंब वेदनांचा निचरा करत बाळाच्या ओठांवर विसावले की, अमृताच्या अभिषेकात न्हाऊन तिच्या काळजाचा तुकडा झोपी जातो.

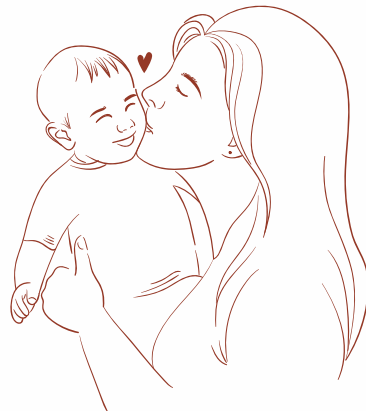

माता कुराणातील असो वा पुराणातील. तिचं वात्सल्य कुणालाही नतमस्तक करणारं.

अनुसया असो कि आदिती.

दिगंबराची असो किंवा पैगंबराची.

आई शेवटी आईच असते.

पावसाच्या सरी

आठवणींची एक अनोखी अनुभूती

आषाढ सुरू झाला की, डोळ्यासमोर उभा राहतो तो पावसाच्या सरींचा अल्हाददायक अनुभव. ढगांनी भरलेलं आकाश, क्षितिजावर चमकणारी वीज आणि थेंबांच्या तालावर नाचणारा निसर्ग, हे सारं मन मोहरून टाकतं. धरणीमातेची तहान भागवणारा हा पाऊस माझ्यासाठी केवळ एक नैसर्गिक घटना नाही, तर तो माझ्या अनेक गोड आठवणींचा अविभाज्य भाग आहे.

मृदगंधाची जादू आणि बालपणीच्या आठवणी

पावसाची पहिली सर आली की, मातीतून दरवळणारा तो *मृदगंध* आजही आठवला की, मन कसं शांत होतं. तो वास वान्याबरोबर सर्वत्र पसरायचा आणि वातावरणात एक वेगळीच *सकारात्मकता* भरायचा. माझ्या बालपणी, पावसाची पहिली सर आली की, आम्ही भावंडं अंगणात धावपळ करायचो. *टाळ्या वाजवत, खिदळत* आम्ही त्या थेंबांचं स्वागत करायचो. शाळेतून येताना पाऊस लागला की, दप्तराचं ओझं विसरून पावसात चिंब भिजण्याचा आनंद काही औरच होता. आई रागावेल हे माहीत असूनही, त्या *सारवरझोपेतून* जागं होऊन पावसात खेळण्याची मजा काही निराळीच होती.

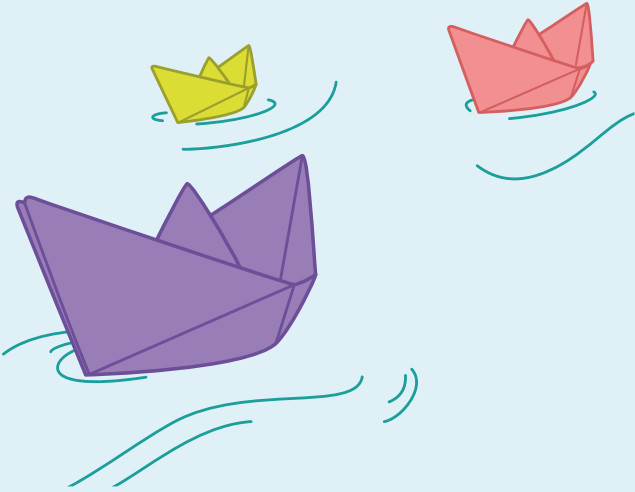

शेती आणि शेतकऱ्याच्या आशा

पावसाळ्याचं आगमन म्हणजे शेतकऱ्यांसाठी एक नवीन उमेद घेऊन येतं. शेतीच्या कुशीत जीवन कसं फुलतं, हे पाहणं नेहमीच माझ्यासाठी *प्रेरणादायी* राहिलं आहे. शेतकरी मनोमन हसतो, त्याच्या डोळ्यात *धान्याचं स्वप्न* साठवून तो पावसाच्या थेंबांना गुणगुणतो. पाऊस चांगला झाला की, त्यांच्या चेहऱ्यावर दिसणारं समाधान पाहिलं की, मलाही आनंद व्हायचा. गावाकडे सुट्टीवर गेलो असताना, वडिलांबरोबर शेतात जाऊन चिखलात खेळणं, पावसाच्या सरी झेलत बांधावरून चालणं, हे क्षण आजही माझ्या स्मरणात ताजे आहेत.

हिरवीगार सृष्टी आणि निरागस बालपण

पावसानंतर झाडांची पानं कशी *हिरवीगार* होतात, ओल्या वाटांवर चिखलाचा संसार कसा उभा राहतो, हे सारं निसर्गाचं सौंदर्य अनुभवणं म्हणजे एक पर्वणीच होती. कितीही चिखल झाला तरी, त्या सर्रींमध्ये एक वेगळीच *मजा* असायची. पावसात *चिंब भिजलेलं बालपण* आणि त्यासोबतच्या आठवणी आजही मनात रुंजी घालतात. कागदी होड्या बनवून त्या पाण्यात सोडणं, पावसात भिजून सर्दी-खोकला होण्याची भीती असूनही खेळणं, हे सारं माझ्या बालपणीच्या आठवणींना उजाळा देतं.

इंद्रधनुष्याचे रंग आणि नवं जीवन

पाऊस थांबल्यावर, ऊन पडल्यावर आभाळात दिसणारं *इंद्रधनुष्य* हे एक अद्भुत दृश्य असायचं. त्याचे विविध रंग पाहून मन कसं शांत व्हायचं. पावसाने जणू काही *जीवन नवं* दिलं आहे, असं वाटायचं. प्रत्येक पावसाळा माझ्यासाठी नवनवीन अनुभव घेऊन येतो आणि त्याचं स्वागत मी नेहमीच *मनापासून* करतो. पाऊस केवळ भूक भागवत नाही, तर तो मनालाही शांतता देतो आणि आठवणींचा एक *सुंदर ठेवा* मागे ठेवतो.

Straying with Strangers...

This time around, I decided to take a break from work and other responsibilities in a new way. After considering several options, I finally settled on joining a group of 27 unknown women on a short trip to Kerala. At first, I had my doubts about being part of an all-women tour—I couldn't help but wonder how I'd fit in. As the trip drew closer, I felt a mix of anxiety and curiosity growing inside me.

Finally, the day arrived, and I was all packed for the adventure ahead. Since the tour was scheduled to begin from Mumbai, I coordinated with a fellow traveller from the same group to journey there together. At the airport we meet the rest of the ladies registered for the same trip.

The long-awaited journey kicked off with a bang! We started by casually introducing ourselves to those who felt like a vibe, and the rest of the group was formally introduced later that evening over hi-tea. It hit us—we were all going to be together for the next six days of our lives.

Every day unfolded in a different city, filled with unique sights and interesting bits of information that added to our experience. Along the journey, I encountered the unique stories and experiences of the women traveling with me. Each one came from a different age group and background, making the group beautifully diverse.

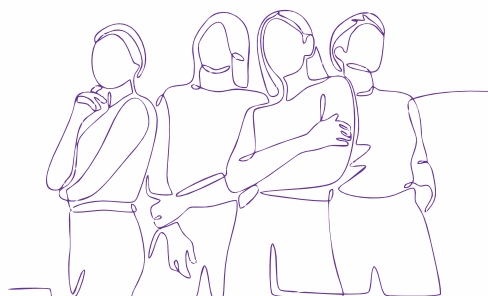

Out of the 27 women, five of us grew especially

close—we shared our stories with genuine enthusiasm and quickly bonded. Soon enough, we were affectionately dubbed the most fun-loving and adventurous group of the lot.

This was my first-ever experience on a women-oriented tour, and I wasn't quite sure what to expect at first. But as the days went by, I found myself soaking in the comfort, endless laughter, and unexpected strength that came from being around such a vibrant and inspiring group of women. What started as a trip with strangers quickly turned into a journey filled with inside jokes, heart-to-heart conversations, and moments I'll never forget.

By the end of the trip, I had more selfies than storage space, inside jokes no one back home would understand, and a group of women who felt more like long-lost cousins. Who knew that saying yes to a bunch of strangers could lead to belly laughs, dance-offs, and stories I probably shouldn't tell at work?
